

Proposed Speed Limit Change on Worthing Road, Southwater Survey results, 2025

A short survey has been conducted to seek more resident's views regarding the proposed speed limit change on Worthing Road, Southwater. The survey was open for a period of 21 full calendar days, the closing date was the 26th of August 2025, and the residents living nearby the potentially affected areas have received a paper copy of the survey for submission as well.

We have received over 400* responses, online and 27 of them via the paper copies that have been returned to SPC's office. These paper copies have been scanned, and the responses have been added to the total submissions. The total number of responses are 407, but 7 of them have been removed due to duplicated entry. We have collected personal data that allows us to make sure the responses that have been submitted multiple times by the same person, can be removed, this data was collected through questions number 1-3. There have been 7 duplicated responses, numbers 266 (same as response number 9), 99 (same as 82), 272 (same as 165), 306 (same as 104), 288 (same as 139), 367 (same as 89), and 302 (same as 113) and these have been removed from the final results. Multiple people from the same address were allowed to submit, and the results showed that sometimes even the same household members were on different opinion regarding the proposal. The duplicates that have been removed were the same people from the same address submitting the same results, therefore it was not necessary to count them multiple times.

**We had received one last minute entry after the 26th of August, through the mail box, from a resident who has been in the hospital and had only just seen the flyer and the online survey, therefore that result is not included in the final statistics. Their response was "Strongly Agree" for both parts of Worthing Road.*

Please see next page for statistics and graphs of the results.

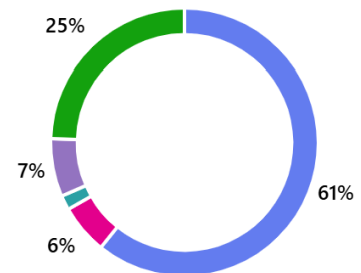

Questions number 4 and 5 were as follows:

- Question 4 is showing the results regarding the North of Worthing Road.

Statistics from the Microsoft Form Survey:

4. Are you in favour of the proposed speed limit change from 40 mph to 30 mph at the **North** of Worthing Road? (100%)
